PROFESSIONAL SUMMARY

Computer Systems Engineering student at **Al-Azhar University** with experience in web development and C++ programming. Skilled in building responsive web applications using **React**, **Next.js**, and **TypeScript**. Strong understanding of algorithms, data structures, and object-oriented programming.

EDUCATION

Bachelor of Engineering – Computer Systems Engineering *Faculty of Engineering, Al-Azhar University* | September 2022 – Expected Graduation: 2027

TECHNICAL SKILLS

- **Frontend Development:** Next.js, React, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3, Bootstrap
- **Programming:** C++, SQL, OOP, Data Structures, Algorithms, Problem Solving
- **Tools & Technologies:** Git, GitHub, VS Code, Vite, API Integration

FEATURED PROJECTS

E-Commerce Platform

Next.js, TypeScript, Tailwind CSS | GitHub | Live Demo A modern e-commerce web application with user authentication, product browsing, category filtering, shopping cart functionality, API integration, and responsive design.

SocialSphere - Social Media Platform

React, JavaScript, Tailwind CSS | GitHub | Live Demo A responsive social media platform featuring user authentication, post sharing, profile management, password updates, profile

photo customization, notifications, and user follow suggestions.

Adasa - Photography Blog Website

React, JavaScript, CSS | GitHub | Live Demo A responsive photography blog website featuring articles, categories, search functionality, and modern UI design for content exploration.

ContactHub - Smart Contact Manager

HTML, CSS, JavaScript | GitHub | Live Demo A contact management application with search, favorites, and local storage.

Wanderlust - Global Travel Planner

HTML, CSS, JavaScript, APIs | GitHub | Live Demo A travel planning application that uses APIs for country information, holidays, and weather data.

My Bank Project - Banking System

C++, OOP, Data Structures | GitHub A banking application with account management, transactions, and user login using OOP.

CERTIFICATIONS

- **Route Full Stack** – September 2025 – Present
- **Full Stack Web Development using Python** – Information Technology Institute (ITI) (2025)
- **InnovEgypt Program Certificate** – ITIDA & TIEC (2024)

Programming Advices

- C++ Programming – Levels 1 & 2
- OOP as it Should Be
- Algorithms & Problem Solving – Levels 1–5
- SQL & Database Management – Level 1
- Data Structures – Levels 1 & 2

ADDITIONAL INFORMATION

- **Languages:** Arabic (Native), English (Intermediate)
